- Who was involved?

Khoa-Nathan Ngo

- What parts of the DASB Elections Code have been violated?

Unfortunately, there are no elections code that details misconduct and inappropriate comments, however, I ask the elections committee to consider how Nathan as a (previously) sitting senator, has taken away credibility and respect away from DASB senate with his online comments. His poor behavior suggests the DASB senate is immature and not serious when that is further from the truth. From the **DASB CODE OF CONDUCT**; Nathan has violated **Article 1 Section 1 point E** (Use of vulgar and profane language) and **Article 1 Section 2 point B** (furnishing false information to DASB members).

- List all the facts that substantiate your claim. Attach any documents you wish to have considered.

**Article 1, Section 1 Point E:** Please see the attached PDF document, pages 1-3, with statements underlined in red. All statements by Nathan on the "Church of Newton" discord are largely unprovoked and unprompted by the others participating in the chat. Nathan could have chosen a different response rather than using inappropriate references. Nathan was making sexually inappropriate jokes that I would consider obscene. . I believe he was trying to "bond" with the people at the other server, but this is not how a senator should conduct themselves.

**Article 1, Section 2, Point B:** Please see the attached PDF document (pages 4-5) with statements underlined in green. Nathan misrepresented himself to De Anza students on the De Anza Discord in the #elections channel. Nathan claimed he was solely responsible for different projects and specific roles, but was corrected by other current senators who asked him to retract his statements and not falsify his contributions to the senate to gain more votes.
