Notes

Attendees: Nazy Galoyan, Pati Carobus, Kim Palmore, Raymond Brennan, Thomas Ray, Mallory Newell, Felisa Vilaubi, Christian Rodriguez, Jerry Rosenberg, Iva Tracey, Casie Wheat

- Mallory shared the Dropped Course Survey and Withdraw Survey results. Jerry was interested in the drop rates by section. The group discussed the inclusion of questions to capture drops due to mental or physical health issues.
- The group decided to meet two times during the winter quarter on a Thursday from 1230-130pm. Thomas would share the Language Arts division meeting schedule so that AB705 meetings would not conflict with the division meetings. It was noted that Mehrdad would not be able to attend because he taught during that time.
- The group's two winter meetings would be devoted to reporting out on the workgroup priorities that were identified. Workgroup goals and leaders were listed on the AB705 Workgroup Goals – Academic Year 2019-2020 Office365 spreadsheet https://foothilldeanza-my.sharepoint.com/:x/g/personal/10468035_fhda_edu/EWmyU7_JUIFGgouDyhoSE8oBs9JfwAKcKRbt8mdUX2ALnQ?e=RsDCVk (MyPortal access required).
