De Anza College Indoor Program

- Defending Coast Conference Champions
- 2020-21 Team GPA: 3.64
(Awarded AVCA National Honor)
- 2019-20 Team GPA: 3.48
(CCCAA Scholar-Team of the Year)

WHY BEACH VOLLEYBALL?

- The popularity of Beach Volleyball (formally known as Sand) has exploded over the last few years. It made the quickest transition from an “emerging sport” to a “championship sport” in NCAA history. **It’s also the fastest growing NCAA sport over the last five years in Division I.**
- With 43 Beach Volleyball programs in the CCCAA, five reside in our conference:
 - West Valley
 - San Mateo
 - Cabrillo
 - Gavilan
 - Monterey Peninsula (Added in 2021)
 - Foothill (Suspended Program in 2020)
- De Anza College is at a major disadvantage in recruiting Volleyball student-athletes.

WHY BEACH VOLLEYBALL?

Scholarship Opportunities: Beach Volleyball at the Four-Year University Level

- NCAA: 50+
- NAIA: 28 (added as emerging sport in 2019-2020)

No Additional Resources Needed to Implement Beach Volleyball:

- Current FT faculty/head coach vs. Hiring PT adjunct/head coach
- Student-athletes on the Indoor Volleyball team will participate on the Beach Volleyball team. No extra work/hours for our athletics support staff.
- Competitions would be at host schools or beaches for first 3-5 years. No officials required. Minimal equipment needed.

STARTING BEACH VOLLEYBALL

Eliminate Softball Program

- Three consecutive years; lack of enough students/interest
- Final year (2019); sent students to Foothill; PT head coach resigned
- Lack of competitive facilities

Proposed Program Start

- Winter 2022
- Utilizing Current Volleyball Techniques Course
- Verified with Coast Conference

Future Planning

- Beach Volleyball Curriculum to Begin 2022-2023
- Utilize Softball Field for Future Sand Courts Complex (FMP)

TITLE IX

- Softball: Losing 15-18 female students
- Beach VB: Gaining 20-24 female students

THANK YOU!
