

# Syllabus Math 212.01 Beginning Algebra, Fall 2016

Math 212      Beginning Algebra      Fall 2016

Section 01      CRN 01611      MTWThF      7:30- am – 8:20 am      MLC270

Instructor:      Greg Stachnick

## Contact Information:

Email:      [StachnickGregory@fhda.edu](mailto:StachnickGregory@fhda.edu)

Phone:      408-857-6421

## Office Hours:

Tuesday      9:45 am – 10:45 am

Wednesday      9:45 am – 10:45 am

Or by appointment

Location: Math and Science Tutorial Center (S43)

## Course Description:

Application of linear functions, quadratic functions and linear systems to problems. Emphasis on the development of models of real world applications and interpretation of their characteristics.

**Prerequisite:** Completion of Math 210 with a grade of C, or equivalent, or qualifying score on the Placement Test within the last calendar year.

## Textbook:

1. Intermediate Algebra for College Students, 7th Edition
2. Author: Blitzer (sold in the De Anza College Bookstore)
3. Textbook ISBN-13: 9780134178943
4. Student Access Code to MyMathLab (Required)
5. A Scientific Calculator is recommended (i.e. TI-30XIIS)

The Student Access Code to MyMathLab includes an eBook. Purchase of the hardcopy textbook is optional. Usually the De Anza Bookstore discounted price for the combined package (hardcopy book and Access Code) is the best deal.

## Student Learning Outcomes:

1. Evaluate real-world situations and distinguish between and apply linear and quadratic function models appropriately.
2. Analyze, interpret, and communicate results of linear and quadratic models in a logical manner from four points of view – visual, formula, numerical, and written.
3. Demonstrate an appreciation and awareness of applications in their daily lives.

# Syllabus Math 212.01 Beginning Algebra, Fall 2016

## Grading

1. **Homework:** Homework will be done in MyMathLab. The MyMathLab Course ID and specific registration instructions will be provided separately. Proficiency in mathematics comes only with frequent practice. Attending classes and completing homework assignments on time is very important in accomplishing this goal.
2. **Quizzes:** Wednesday is Quiz Day. There will be a short quiz each Wednesday (see tentative course schedule below) based on the homework assignments for the week. Weeks for which a midterm has been scheduled will not have quizzes. If you have done all of the homework, you will be very well prepared. The lowest two quiz grades will be discarded (best five out of seven).
3. **Exams:** There will be three midterms and a cumulative final (see schedule below for dates).
4. **Projects:** There will be two class homework projects.
5. **Extra Credit Points:** There will be in class opportunities for extra credit, stay tuned and be there.

### 6. Point Distribution

- i. Midterms: 300 Points (100 points each)
- ii. Quizzes 100 Points (Best 5 out of 7, 20 points each)
- iii. Homework 100 Points
- iv. Projects 100 Points (Two projects, 50 points each)
- v. Final 200 Points

### 7. Letter Grade Breakdown

- A. 100% - 90%
- B. 89% - 80%
- C. 79% - 70%
- D. 69% - 60%
- F. 59% or below

## Additional Resources

**Free Tutoring:** The Math and Science Tutorial Center in Room S43 offers free tutoring on Mondays-Thursdays from 9:00 AM-5:30 PM and Fridays 9:00 Am – 12:00 noon. More information can be found here: <http://www.deanza.edu/studentssuccess/mstrc/>

**Supplemental Resources:** Search the web for specific class topics. You will find lots of completed problems, additional written and video explanations and some very clever YouTube videos: <http://justmathtutoring.com/page17.html>

# Syllabus Math 212.01 Beginning Algebra, Fall 2016

## **Academic Integrity:**

Cheating will not be tolerated and will result in a grade of 0 for the assignment, quiz or exam and referral to the dean for academic discipline. Cheating includes, but is not limited to: copying from other students, permitting other students to copy from you, plagiarism, submitting work that isn't your own, using notes that don't meet permitted specifications, continuing to write/erase on an exam/quiz after permitted time has ended, changing your exam/quiz paper after it's been graded and then requesting a grading correction. For more information about De Anza College's policy on academic integrity see:

<https://www.deanza.edu/studenthandbook/academic-integrity.html>

## **Student Conduct:**

A student who is disruptive will be asked to leave the class. A student who refuses to leave the room will be dropped from the class and will be reported for further action. Cell phones must be silenced and stowed away.

## **Attendance:**

Regular class attendance is expected. Registered students missing any day the first week, without first notifying the instructor will be dropped from the course. After the first week, a student may be dropped from the class if she/he is absent three times, without first notifying the instructor. If you miss a quiz because you skipped class you will receive a zero for that assignment. Dropping or withdrawal from the class due to hardship is the students' responsibility. A student who stops coming to class and does not drop will receive an "F" grade. It is the students' responsibility to inform the instructor if she/he is going to be absent and is responsible for any material covered/announcements made on the day of the absence.

## **Communication:**

Course Studio will be used for communication of announcements. It will be important to login to MyPortal at least daily to check for new course information regarding extra credit assignments, quizzes and examinations. Class lecture notes will also be published on Course Studio. To access Course Studio, login to MyPortal and select the Students tab. Scroll to the bottom of the page and you will see the Course Studio pane on the lower right. Then select the entry for this course to see announcements, reference links and inspect files.

Any student email correspondence with the instructor should include the course number and section number (i.e. Math 212.01) in the subject line.

# Syllabus Math 212.01 Beginning Algebra, Fall 2016

## Blitzer Chapter and Section Outline

### Chapter 1 - Algebra, Mathematical Models, and Problem Solving

- 1.1 Algebraic Expressions and Real Numbers
- 1.2 Operations with Real Numbers and Simplifying Algebraic Expressions
- 1.3 Graphing Equations
- 1.4 Solving Linear Equations
- 1.5 Problem Solving and Using Formulas
- 1.6 Properties of Exponents

### Chapter 2 – Functions and Linear Functions

- 2.1 Introduction to Functions
- 2.2 Graphs of Functions
- 2.3 The Algebra of Functions
- 2.4 Linear Functions and Slope
- 2.5 Point-Slope Form of the Equation of a Line

### Chapter 3 – Systems of Linear Equations

- 3.1 Systems of Linear Equations in Two Variables
- 3.2 Problem Solving and Business Applications Using Systems of Equations

### Chapter 4 – Inequalities and Problem Solving

- 4.1 Linear Inequalities
- 4.4 Linear Inequalities in Two Variables

### Chapter 5 – Polynomials, Polynomial Functions, and Factoring

- 5.1 Introduction to Polynomials and Polynomial Functions
- 5.2 Multiplication of Polynomials
- 5.3 Greatest Common Factors and Factoring by Grouping
- 5.4 Factoring Trinomials
- 5.5 Factoring Special Forms
- 5.6 A General Factoring Strategy
- 5.7 Polynomial Equations and Their Applications

### Chapter 7 – Radicals, Radical Functions, and Rational Exponents

- 7.1 Radical Expressions and Functions
- 7.7 Complex Numbers

### Chapter 8 – Quadratic Equations and Functions

- 8.1 The Square Root Property and Completing the Square
- 8.2 The Quadratic Formula
- 8.3 Quadratic Functions and Their Graphs

# Syllabus Math 212.01 Beginning Algebra, Fall 2016

## Tentative Fall Class Schedule Math 212.01 Beginning Algebra

	Monday	Tuesday	Wednesday	Thursday	Friday
<b>Week 1 September</b>	26 1.1 - 1.3	27 1.4	28 1.5	29 1.5	30 1.6 <b>Quiz 1</b>
<b>Week 2 October</b>	3 1.6	4 2.1	5 2.1	6 2.2	7 2.2 <b>Quiz 2 (1)</b>
<b>Week 3 October</b>	10 2.2, 2.3	11 2.3	12 2.3, 2.4	13 Review	14 <b>Midterm 1 (2)</b>
<b>Week 4 October</b>	17 2.4	18 2.5	19 2.5	20 3.1	21 3.1 <b>Quiz 3</b>
<b>Week 5 October</b>	24 3.2	25 3.2	26 4.1	27 4.1	28 4.4 <b>Quiz 4</b>
<b>Week 6 October/November</b>	31 5.1	1 5.1 – 5.2	2 5.2	3 Review	4 <b>Midterm 2</b>
<b>Week 7 November</b>	7 5.3	8 5.3	9 5.4	10 5.3 <b>Quiz 5</b>	11 <b>Veterans Day Holiday</b>
<b>Week 8 November</b>	14 5.5	15 5.5	16 5.6	17 5.6 – 5.7	18 5.7 <b>Quiz 6 (3)</b>
<b>Week 9 November</b>	21 5.7	22 Review	23 <b>Midterm 3</b>	24 <b>Thanksgiving Holiday Recess</b>	25
<b>Week 10 November/December</b>	28 7.1	29 7.7	30 7.7	1 8.1	2 8.1 <b>Quiz 7</b>
<b>Week 11 December</b>	5 8.2	6 8.2	7 8.3	8 8.3	9 Final Review
<b>Week 12 December</b>	12 <b>Final Exam 7:00 – 9:00</b>	13	14 <b>Final Exam Week</b>	15	16

- (1) Sunday Oct. 9: Last day to drop      (2) Friday Oct. 14: Last day to request pass/no pass  
 (3) Friday Nov. 18: Last day to drop with a W (withdraw)

## Syllabus Math 212.01 Beginning Algebra, Fall 2016

### Important Dates

**Monday, Sept. 26:** First day of Fall Quarter 2016

---

**Sunday, Oct. 9:** Last day to [drop](#) for a full [refund or credit](#) (for 12-weeks, quarter-length classes). Last day to drop for a refund/credit for all other classes is listed inside [MyPortal](#), on the Students Tab under 'View Your Class Schedule.' *Drop date is enforced.*

---

**Friday, Oct. 14:** Last day to [request pass/no pass](#) grade. *Request date is enforced.*

---

**Friday, Nov. 11:** Veterans Day (classes will be held on Nov. 12)

---

**Friday, Nov. 18:** Last day to [drop](#) with a "W." *Withdraw date is enforced.*

---

**Thursday - Sunday, Nov. 24 - 27:** Thanksgiving Holiday Recess (college closed)

---

**Saturday, Dec. 10 - Friday, Dec. 16:** [Final exams](#)

---

**Friday, Dec. 16:** Last day to [file for a fall degree or certificate](#).

---

**Friday, Dec. 16:** Last day of Fall 2016 Quarter

---

**Monday, Jan. 9:** First day of Winter 2017 Quarter
